Early Childhood Entering EPS - PreK

Returning to school after a fun-filled summer can be a difficult transition for many little ones. These two weeks will provide our youngest learners the opportunity to get acquainted with their classrooms, teachers and classmates, while both getting a refresh on the skills they've already learned and also getting a head start on new foundations for their upcoming school year, in both Armenian and English.

Lower and Upper Elementary Entering K - 2nd

Morning sessions will consist of small group instruction to prepare for the 2025-2026 academic year with an emphasis on English Language Arts and Math. They will also have components of STEM and Art activities after lunch.
